

Y-12 Photo By Vince Moore

THIS REVERENTIAL AND BEAUTIFUL CHRISTMAS WINDOW DISPLAY ACROSS THE front of two housing units won first prize in the Oak Ridge Junior Chamber of Commerce contest for multiple housing units. The houses, at 149 and 151 Salem Road, are occupied by D. B. Samuel, of the Y-12 Administrative Product Department, and his wife; and Mrs. Rufus Dunn, Jr., whose husband is the son of Rufus Dunn, Sr., former Y-12er now living in Chattanooga after his retirement about two years ago. The award was made to Mrs. Dunn, who, according to Samuel, did all the work while Mrs. Samuel took care of the Dunn baby.

## Georgian Will Speak To ACS January 16

All Y-12 members of the East Tennessee Section of the American Chemical Society are urged to attend a meeting of the section to be held in Oak Ridge next Wednesday night, December 16. Dr. H. C. Rueggeberg, of the Tennessee Corporation, College Park, Ga., will be the principal speaker.

The business meeting and address will be given at 8 p. m. in the Oak Ridge High School and will be preceded by a dinner at 6 p. m. Y-12ers wishing to attend the dinner are asked to communicate with Boyd Weaver, Bldg. 9211, telephone 7188, for reservations and place of the affair, which had not been decided last week.

Dr. Rueggeberg's topic will be "The Copper Basin—Source of Chemicals from Pyrites."

## Mineralogy And Gem Cutting Group Will Meet Thursday

All Y-12ers interested in mineralogy and gem cutting are urged to attend a meeting of the recently organized group of Oak Ridge interested in these fields to be held at 8 o'clock tomorrow night, January 10. The meeting will be held in the American Museum of Atomic Energy at Jefferson Circle.

The group will elect permanent officers and hear a talk by David L. DeJarnette, chairman of the museum division of the Oak Ridge Institute of Nuclear Studies, operator of the museum. His topic will be "Mineral Localities in Tennessee."

## OLD SOL ROLLS ALONG

The sun loses 4,620,000 tons of its mass every second through radiation of energy, but scientists figure Old Sol still has a total of two billion, billion, billion tons and that it would take 150,000,000,000 years for the sun to be reduced as much as one per cent.

## UCC Camera Club Sets Slide Contest For All Employees

Amateur photographic enthusiasts of the three Oak Ridge units of Carbide and Carbon Chemicals Company who took such pains to capture the sparkling lights of Christmas trees, of the restful beauty of landscapes or old fishing holes discovered during vacation times may wonder how the results rate them as photographers. Now the opportunity to find the answer is provided by entering photographic color slides in the first color slide contest conducted by the Union Carbide Camera Club and open to all employees of UCC divisions and units.

### All Employees May Enter

The contest will be held in New York City either in late February or early in March and entries may be submitted by any employee of Carbide's Oak Ridge groups—regardless of membership in the Carbide Camera Club of Oak Ridge.

The judges of the contest are noted photographic authorities—the rules for entrance are simple—and valuable prizes will be presented winners.

The prominent art authorities chosen to judge the slides are Nor-

## 28 Stable Isotope Shipments Are Made

A total of 28 shipments of stable isotopes produced and distributed by the Y-12 Isotope Research and Production Division were made during the month of December, 1951. This was just two less than the previous month, when 30 shipments were made.

The December shipments included 18 to Atomic Energy Commission installations and 10 to other scientific laboratories throughout the country.

The Air Force Cambridge Research Center received the largest number of stable isotope shipments from Y-12 last month, this organization receiving four. They were 500.2 milligrams of Thallium 205, 501.7 mgs. of Cadmium 114, 260.5 mgs. of Mercury 198, and 415.7 mgs. of Mercury 202.

The Naval Research Laboratory got 401 mgs. of Chromium and 453.8 mgs. of Iron 57. Other shipments included single consignments of 150.2 mgs. of Tin 124 to the Bartol Research Foundation, 500.1 mgs. of Germanium 74 to the University of Indiana, 137.2 mgs. of Tin 124 to Yale University and 100.1 mgs. of Chromium 50 to the Harvard University Medical School.

## W-2 Withholding Tax Statements For 1951 Earnings Will Be Distributed This Week

Weekly and hourly roll employees in Y-12 will receive their W-2 Withholding Tax statements, reporting earnings and income tax deductions for the year 1951 with the pay checks to be delivered on Friday of this week, January 11. The statements for monthly paid Y-12ers will be distributed by mail this week.

The W-2 Withholding Tax form is issued in duplicate and one copy must be filed with income

tax statement when the federal income tax is paid—which must be done before March 15.

As a reminder to new Y-12 employees who have received the W-2 forms from previous employers, it is pointed out that copies of both the form received for earnings in 1951 before coming to work here and the statement issued by Carbide must be attached to the federal income tax form.

## Credit Union Nominating Group Proposes Slate Of Candidates For Election At January 17 Meet

15 Y-12ers Proposed For 10 Offices To Be Filled At Annual Session Set For Ridge Recreation Hall; Members Also Will Vote On Dividend To Be Issued

A slate of 15 candidates for election to office for the coming year by the membership of the Y-12 Employees Credit Union was submitted last week by the nominating committee headed by Leon Love, Isotope Research and Production, as chairman. The recommendations of the committee, together with any nominations that members may make from the floor, will be voted on by the credit union membership at its important annual meeting to be held at 7:30 o'clock Thursday night, January 17, in the East Lounge of the Ridge Recreation Hall. At the same time the credit union membership will vote on a dividend after hearing a financial report and recommendations from the board of directors.

To be elected at the meeting next week are five members of the board of directors, three of the credit committee and two of the supervisory committee. Two directors, two credit committee members and one member of the supervisory committee were elected last year for two-year terms and will continue in office during 1952.

For the five directors to be elected the nominating committee submitted eight names. They are: M. C. Bays, Stores; Connie Bowling, General Administrative; Mary Brewer, Analytical Laboratory; Lorena Causey, now treasurer and general manager of the credit union; Louis Childs, Electromagnetic Research; M. J. Fortenberry, Materials Chemistry; W. K. Prater, Isotope Research; and A. M. Schrader, Field Maintenance.

The nominating committee proposed five Y-12ers for election to the three credit committee posts open. The nominees are:

J. Paul Blakeley, Materials Chemistry; Ernie Cobble, Buildings and Grounds; Ralph Jeffries, Isotope Research; Ray Phillippi, General Administrative; and Ira J. Shotts, Manufacturing Office.

For the two supervisory committee vacancies, the nominating committee proposed:

Robert Kelley, ANP Division; and J. D. McGuffin, Stores.

The nominating committee stressed the fact that other nominations may be made from the floor at the meeting. In addition to Love, members of the nominating committee were W. C. Anderson, Receiving and Shipping; J. F. Carpenter, Safety; LaVaughn Davis, Analytical Laboratory; and K. W. Mercener, Janitors.

Present directors and committee members of the credit union elected last year for two-year terms and who will remain in office are Chester Estes, General Maintenance Office, and Evan Means, Electrical Maintenance, directors; Paschal Hamrick, Personnel, and George L. Stukenbroeker, Isotope Research, credit committee; and Ward Foster, Research Directors, on the Supervisory Committee.

The present board of directors and Treasurer and General Manager Lorena Causey have been working hard during the past several days preparing a financial report to submit to the membership meeting next week. They may be able to make a report in the next

## SAFETY SCOREBOARD

Your Plant Has Operated

Two Days

Through January 6

Without A Lost Time Accident

## Lost-Time Mishaps Will Be Described For Safety's Sake

The first lost-time accident of the new year in Y-12 occurred just four days after 1952 made its debut. In an effort to bring to the attention of all Y-12ers the importance of safe operations, The Bulletin will publish a brief description of every lost-time accident of the year in the hopes that it will aid in creating a greater safety consciousness on the part of all Y-12ers.

Here is the description of the first disabling accident in the plant in 1952 as provided by the Safety Department:

"On January 4, 1952, at 12:30 p. m., a millwright in Dept. 2015 (Field Maintenance) twisted his right knee while stooping to get under a pipe in the basement of Bldg. 9212. He was sent to the Oak Ridge Hospital where it was determined an operation would be necessary to repair the knee. He will be absent from work a few days."

## Analytical Group To Hear Dr. Dean Speak Monday

Dr. John A. Dean, professor of chemistry at the University of Tennessee, is scheduled to address members of the Analytical Group of the East Tennessee Section of the American Chemical Society at 8 o'clock next Monday night, December 14. The meeting will be held in Room 134, Woodland school. Dr. Dean will speak on "Adsorption of Alumina Columns."

## CAROLINA TOWN BOOMING

The Columbia, S. C., State has reported that the town of Jackson, S. C., has received a large share of the influx of population into the AEC Savannah Plant area. The newspaper said the town is gradually assuming boom proportions.

## Absenteeism Rises As Year Expires

Plant absenteeism for the last week of the old year showed an increase of .6 per cent over the previous week, the record for the week ending December 30 being 3.1 per cent.

In the Major League Plant Engineering advanced from second to first place by posting an absentee mark of only .3 per cent. In second place was the Assay Laboratory with 1.4 per cent of its personnel absent. Third place was held by Administrative Product with an absentee mark of 1.5 per cent.

Six departments in the Minor League were tied for first place with perfect attendance records. They were Superintendents, Receiving and Shipping, Steam Plant, General Maintenance Office, Utilities Maintenance and the Fire Department. In second place was Health Physics with an absentee record of 6. per cent and third place was taken by Property Sales with .8 per cent of its personnel absent.

The plant-wide absentee record for the week ending December 30, by departments, follows:

MAJOR LEAGUE				
Dept.	Percentage Absent	12-30-51	12-23-51	Standing
2060	0.3	1	2	1
2790	1.4	2	4	2
2617	1.5	3	8	3
2142	1.8	4	7	4
2077	2.0	5	9	5
2618	2.1	6	5	6
2018	2.3	7	5	7
2091	3.3	8	3	8
2003	3.4	9	6	9
2015	4.2	10	11	10
2619	4.7	11	12	11
2014	5.1	12	10	12
2773	5.2	13	14	13
2001	5.8	14	13	14

Group absentee percentage was 3.1 per cent, 1.6 per cent higher than the preceding week.

MINOR LEAGUE				
Dept.	Percentage Absent	12-30-51	12-23-51	Standing
2200	0.0	1	1	1
2143	0.0	1	1	2
2743	0.0	1	4	3
2002	0.0	1	5	4
2005	0.0	1	6	5
2093	0.0	1	9	6
2108	0.6	2	7	7
2145	0.8	3	2	8
2064	0.9	4	3	9
2107	2.4	5	11	10
2133	2.8	6	11	11
2616	2.87	7	5	12
2144	2.9	8	10	13
2008	3.6	9	14	14
2109	4.5	10	1	15
2096	4.7	11	13	16
2090	8.3	12	15	17
2739	12.0	13	12	18

Group absentee percentage was 2.9 per cent, 1.5 per cent higher than the preceding week.

The plant average for the week ending December 30, 1951, was 3.1 per cent; .6 per cent higher than the preceding week.

## Credit Union Group Offers Nominations

Continued from Page 1

issue of The Bulletin, January 16. President Fortenberry has urged every shareholder in the credit union to attend the meeting next week.

"The officers who will be elected need to know the wishes and opinion of the members," he pointed out, "thus it is the duty of all members to attend the annual meeting and make their contribution toward the successful operation of the credit union in 1952."

Eight Y-12 employees were listed as parents of babies born at the Ridge Hospital in the last days of 1951. Those listed since the last edition of The Bulletin are:

Paul E. Trent, Administrative Normal, boy, December 23. DeWayne A. Lee, Materials Chemistry, boy, December 24; Douglas E. Hill, Maintenance Shops, boy, December 26; John R. Lund, Analytical Chemistry, girl, December 27; William W. Gilbert, Administrative Normal, boy, December 28; William A. Kramer, Administrative Normal, boy, December 29; John M. Googin, Chemical, girl, December 29; Fred J. Salts, Field Maintenance, boy, December 30.

## UCC Camera Club Sets Slide Contest For All Employees

Continued from Page 1

man Rockwell, whose covers on the Saturday Evening Post are almost an American tradition; Victor Keppler, outstanding advertising photographer; and Franc Ritter, art director for Eastman Kodak Company.

### Awards For 10 Best

Valuable awards will be given the 10 entrants submitting the best slides. Further information on description of the prizes and other details of the contest, including the exact date, will be published in an early edition of The Bulletin.

Entries in the contest must be in the hands of the Union Carbide Camera Club, 30 East 42nd St., New York 17, N. Y., not later than February 1. Contestants may enter not more than two slides. Each slide must be either 35 millimeter or bantam size and must be placed in a two-inch-square cardboard or glass mount. Cardboard between glass cannot be accepted. Each slide or set of slides should be mailed to the New York address.

### Right To Exhibit Reserved

All slides will be returned to contestants as soon as possible after the contest. Great care will be given all slides, but the UCC Camera Club can assume no responsibility for loss or damage during transit or during the contest.

The UCC Camera Club reserves the right to exhibit and to make prints of any prize winning slides.

"Private Smith! Didn't you realize that you were exposing yourself to an imaginary enemy only 200 yards away?"

"That's OK, Sarge, I was standing behind an imaginary rock 45 feet high."

A news item says that a boy of five has the brain of a politician. The name of the politician is not given.

Y-12 Photos By Vince Moore

A NUMBER OF CHARMING YOUNG DAUGHTERS OF Y-12ers are prominent in activities of the Penguin Club, an Oak Ridge High School organization. Among those attending a holiday dance given by the club were Anne Underwood, left; and Joyce Hays, right. Miss Underwood is the daughter of Gentry Underwood Y-12 Plant Protection Superintendent; and Miss Hays the daughter of W. T. Hays, of the Security Department. The dance was chaperoned by John Reece, of Administrative Normal, and Mrs. Reece, shown in the center picture with a group of young guests. From left are Gene Cowan, Carolyn Smith, Richard Reece, Peggy Cowan, Reece, Mrs. Reece, Sue Shostaw and Wesley Delaney.

Several Y-12ers were among the Tennesseans at Noo Awleens drooling at the expectancy of dining on delectable terrapin stew, a la Maryland. . . . Instead they had to be content with coonburger, au Kefauver, with lots of Big Mo (lasses) instead of onions.

Transportation Department extends get-well wishes to Jake Seivers, who is at home ill. . . . Also best wishes go to Lillie Cobble who was on the sick list last week. . . . Friends of T. H. Basler will be interested to learn of the progress he has made since his operation at the Veterans Administration Hospital at Mountain Home, Tenn. Ted is going back there on January 15, to receive his walking aid; and we all hope it won't be long before he is back with Y-12.

Buildings and Grounds wish a speedy recovery for O. B. Harness, who is in the Knoxville General Hospital following a recent accident.

Research Services extend get-well wishes to C. W. Mason, who was a patient in the Oak Ridge Hospital last week.

J. F. Carpenter, of Safety, spent a recent week of vacation at home in Oak Ridge.

Edna Fine and Louise Argo, of Plant Engineering, have returned from a week's vacation in Miami, Fla., where they attended the Orange Bowl game on New Year's Day. . . . J. P. Smith and J. W. Hill were on vacation last week in New Orleans, La., after attending the Sugar Bowl game there. . . . Roy McKnight and J. Clyde Bowles spent last week's vacation at their respective homes in Oak Ridge.

Lloyd N. Williams, of Training and Procedures, and his family have returned from a week of vacation spent in Hayden, Ala. . . . The department welcomes C. W. Cheney to the roster.

The Medical Department welcomes Jan Richbourg to the roster. Margaret O'Neal, of the Guard Department, and her husband, after a week's vacation in Florida, went on to New Orleans, La., for the Sugar Bowl game on New Year's Day.

Pete Renderer, of the General Maintenance Office, and his family spent a recent week of vacation in St. Louis, Mo. . . . Charles Kasperek and his family also vacationed in St. Louis recently. . . . W. T. McNamara and his wife, Millie, attended the Sugar Bowl game on New Year's Day in New Orleans, and vacationed down that way last week. . . . Bill Griffith was another vacationer in St. Louis recently. . . . Virginia Bos-

well spent her week of vacation at home in Oak Ridge.

Jane Crowell, of the Biology Division, has returned from a week of vacation at her home in Towson, Md. . . . Elizabeth Kelly trekked down to St. Petersburg, Fla., for Christmas and a week of vacation with her father, Dr. H. G. Kelly. . . . Mary Henderson Major flew to Boston, Mass., December 27, where she met her husband, Lieut. (j. g.) Charles W. Major. They spent a few days visiting with his parents at Framingham, Mass., and made a short visit to New York City. . . . Patricia Servella spent Christmas with her parents in Shaker Hgts., Ohio. . . . Maynard Thompson, Jr., spent a two-week vacation at home in Strawberry Plains, Tenn. . . . Louis Wickham, with his wife and two sons, vacationed with relatives in Clarksville, Tenn.

Reba Cochran, of Security, and her husband visited relatives in Alton, Ill., while on a recent week of vacation. . . . Otis Rackley spent the Xmas holidays with his sister in Athens, Ga. . . . Nita Kirwan spent the Xmas holidays with relatives in McMinnville and in Nashville, Tenn., and Xmas Day with her family in Oak Ridge. . . . Ruby McGinnis vacationed a week with her folks in Loudon recently. . . . G. L. Underwood returned last week from vacation. . . . W. T. Hays had his mother, Mrs. Carye Hays, with an aunt and uncle, Mr. and Mrs. N. E. Douglas, from Puryear, Tenn., visiting in Oak Ridge, for the Xmas holidays. Bill was on a two-week vacation at that time.

J. C. Hastin, of the Fire Department, spent his recent week's vacation at home in Oak Ridge. . . . W. R. McGill spent the same vacation period at his home in Maryville.

Walter Sherrod, of General Administrative, along with Charles and Theira Flood, and Lacy Keele, of the Analytical Laboratory, were among the thousands to attend the Sugar Bowl game in New Orleans.

Virginia Palmer, of Product Chemical, visited her parents in Tampa, Fla., during the New Year holiday. . . . Charles Powell with his wife and Bessie Phillips with her husband, took in the sights of New Orleans, La., and the Sugar Bowl game over the New Year holidays. . . . Thomas E. Shelton, A. M. N., of the United States Navy, was in Oak Ridge to greet the New Year with his parents, Mr. and Mrs. Kerby Duke. . . . Lennie Jeffreys spent the holidays with her parents in Towncreek, Ala. . . . Eleanor Duke and family spent a day of the holiday season with her parents in Huntsville,

The following Y-12 employees were patients in the Oak Ridge Hospital last week: Ralph L. Cool-ey, Analytical Chemistry; Lester W. LaRue, Guard; John R. Joslin, Electrical Maintenance; Elmer R. Baxter and Charles J. Beckett, Field Maintenance; Dennis W. Davis, Harry W. Grubb and John R. Shugart, Chemical; Charles W. Mason, Research Services; John H. Sharp, Stores; and Paul J. McCarty, Maintenance Shops.

Ala. . . . Ethel White had as guests over the holidays her father and a sister from Callaway, Ky.

"Doc" Emerson, of Health Physics, visited in Atlanta, Ga., and in Troy, Ala., while on a recent week of vacation. . . . Gladys Dodson visited her parents in Sparta, Tenn., and friends in Cookeville, for a few days while on vacation.

The department welcomes Arthur Stewart back in their midst. Art did a short hitch in the Army and was given a discharge recently which his co-workers hope is permanent. . . . Mary Brown spent last week's vacation in California, where her husband is stationed. . . . Virginia Means spent her week of vacation at home in Oak Ridge.

The Property Department welcomes John Wisecarver to the roster.

John Geasland, of Stores, vacationed at home in Harriman, recently.

Mary Brewer, of the Analytical Laboratory, has returned from a week of vacation at her home in Lawrenceburg, Tenn., where Dick Sladky visited her on New Year's Day. . . . Ida Abrams and Howard Kraig spent the Xmas season with Ida's parents in Hopewell, Va. . . . Mary Stinnette spent a recent week's vacation in Florida. . . . Alice Maxwell and her husband, John, of the Guard Department, with their two sons spent Xmas in Dalton, Ga. . . . Ralph Kent has returned from a recent week of vacation in Massachusetts. . . . Addie Lynch vacationed in North Carolina recently. . . . Isabelle Peck has returned from a recent vacation spent at home in Knoxville.

Ozella Ward spent the Xmas holidays at her home in Hillham, Tenn. . . . Anna Smith was in Dayton, Tenn., over the Xmas holidays. . . . Phyllis Terry went to Huntsville, Tenn., for Christmas. . . . Nell and Jim Charles spent a recent vacation in Louisiana. . . . Alice Elder gave a Christmas party for Group One of the Spec. Laboratory. . . . Ed and Martha McCombs held open house at their home in Clinton the Sunday before Christmas for all the folks in the department. . . . The department was sorry to hear of Buck Davis' automobile accident just before Christmas. He was on his way to Savannah, Ga., when the accident occurred and had to return to Oak Ridge. . . . Marie

Charles W. (Buddy) Pope

## 'Buddy' Pope, Son Of Y-12er, Playing With AF In Tropics

**Former Wildcat Star Helps 'Recky-Tech' Win Ramey Field Touch Title**

A lot of Y-12 football fans remember the performances of "Buddy" Pope, the rip-snorting back of the 1949 Oak Ridge High School football team—so when his dad, R. E. Pope, a Y-12er in the Administrative Normal Department, where he is an assistant supervisor, sent along some recent news on the activities of his son The Bulletin is pleased to pass it along.

### Paper Cites Grid Feats

Young Pope now is in the United States Air Force at Ramey Field, in tropical Puerto Rico. A short time ago through the courtesy of "ham" radio operators in Oak Ridge and Puerto Rico, the Y-12er was able to hold a radio telephone conversation with his son, "Buddy" also sent a copy of The Tropicair, a 16-page tabloid newspaper published for the airmen at Ramey Field, in which some recent grid-iron activities of the former Wildcat star were related.

In its sports section The Tropicair relates how "Buddy" led his touch football team to a 12 to 6 victory to take the base championship. Young Pope's team was the 55th Rec. Tech. Sq., carrying the descriptive nickname of Recky Tech. "Buddy," a quarterback for dear old Recky Tech, completed five straight passes for the first touchdown for his team and tossed another pass for the second touchdown.

The Tropicair also carried a cartoon feature on young Pope, telling of his prior gridiron history before he went to the Puerto Rico base.

### Talks Over Radio Telephone

In the radio telephone conversation the local end was handled by S. D. DeHart, 227 Purdue Ave., operator of Station W4RRV, and the young Air Force soldier was able to talk to his family for some time. At the same time the Bryan Abotts, another Oak Ridge family, talked with their son, Jim, also stationed at Ramey Field.

After "Buddy" Pope left Oak Ridge High School in the spring of 1950 he received an athletic scholarship at the University of Florida and played on the Gator freshman team in 1950. He enlisted in the Air Force in December, 1950, and trained in Texas before being assigned to Ramey Field in June, 1951. His enlistment is for four years and his father says the former Wildcat star plans to resume his education after his discharge although not yet definitely selecting his school.

## Pocket Billiardists Wanted For Team

Cue artists — and those who would like to be—or think they are—in Y-12 are being sought to represent the plant in the newly organized Oak Ridge City Pocket Billiards League. There are several "sharks" in Y-12 who have played on Y-12 teams in previous seasons that have made excellent records in league play. They and other aspirants to a plant team are urged to communicate with the Y-12 Recreation Office, North Portal, telephone 7553, as soon as possible so that a team can be organized and entered in the new circuit.

handicap scores in the December 17 match were O. K. Sergeant 163—194.08; W. D. Cunningham 156—192.96; W. R. Rathkamp 186—192.75; J. D. Rose 146—191.91; and L. H. Theisen 150—189.66.

## Y-12 SPORTS NEWS

### 'Females More Deadlier' On Bowling Alley As Well As Elsewhere Proven By Y-12ers

'Tis said "the female is more deadlier than the male."

Around the North Portal recently some of the fellows who don't bowl very much have been kidding the Strickettes team of the Women's League because of their lowly standing in the circuit—they were next to last at last posting of the record. The gals then—rightly so—got mad and challenged some of their tormentors to a round or so on the alleys.

So with a minimum of running in ringers (yes, there were some on each side) the "boys" and "girls" of the North Portal engaged in pin pounding last Friday and—you guessed it—the "girls" won in two straight games.

Here are the scores. For the women Juanita Kirwan 155, 153—308; Desma Hutcheson 110, 161—271; Ruby McGinnis 121, 143—264; Norma Harter 113, 96—212; and Marie Ramos 89, 91—180. For the men "A. Jones" 194, 143—337; Fes Lowry 121, 118—239; R. Cantrell 113, 110—223; R. Waddell 80, 114—194; and Pat Hamrick 67, 66—133.

### Five Teams Tied For B Bowling Loop Lead, Three Other Deadlocks Mark Hectic Race

Jimmy Durante would have had a field day last Thursday night following the weekly alley activities of the B League of plant bowlers with his "everybody's tryin' to get into de act" phrase. After one of the most hectic nights of keglering in the history of any plant league and the pins stopped tottering it was found that no less than five teams

### ROBINS, PEPSI-COLA PLAY SATURDAY; Y-12ERS BEAT CARYVILLE TWICE

The high-flying Y-12 Robins will meet the strong Pepsi-Cola lassies from Knoxville at 8:30 p. m. Saturday at the Oak Ridge High School. The Robins and Cards took a double-header at Caryville Saturday night, the women trimming the Caryvillites 47 to 28 and the Cardinals nosing out their opponents by 41 to 31 in a thriller. Ruby McGinnis tossed in 12 points to lead the Robins to victory and Wolfe's 17 tallies topped the Cards.

### ORNL Nats, K-25 Bluebelles To Meet Y-12ers Next Week

The Y-12 varsity basketball teams have a rather slim schedule for the next week as the Cardinals and Robins each have but one Oak Ridge City League engagement slated for the period.

The Cards have the tough task of trying to tame the Oak Ridge National Laboratory quint, currently leading the league. The Cards and Nats play next Monday, January 14, at 7:30 p. m. in the middle game of a three-game attraction. The Lab lassies meet the American Legion in the opener at 6 p. m. and the nightcap at 9 p. m. will see K-25 meeting General Electric.

The Robins will not get back into action until Thursday night, January 17, when they meet the K-25 Bluebelles at 7 p. m. as a curtain raiser to the AEC and K-25 men's game at 8:30 p. m.

### Pistoleers Resume Firing Next Week

The Y-12 pistol team will renew activities in league competition next Wednesday night, January 16, at the remodeled and improved range of the Oak Ridge Sportsman's Association. Members of the team will meet tonight, Wednesday, January 9, and again Friday night to practice and post qualifying scores for the second half of the league season.

League competition has been revised for the second half to provide for slow, timed and rapid fire on the 50-foot range. First half rules called only for slow fire.

**More Sports News On Page Four**

## 1952 Fishing Contest For Y-12ers Starts; Many Entries Seen

**Prizes For 1951 Event Are To Be Announced In Bulletin January 23**

Y-12 anglers will have another chance this year to compete for valuable prizes in the annual Carbide Y-12 Fishing Contest for 1952, it has been announced by the Plant Recreation Office. Meanwhile, the Recreation Office also announced that winners of the 1951 contest will be announced in The Bulletin on Wednesday, January 23.

Rules and regulations of the 1952 contest are the same as for the 1951 event, that drew a considerable number of entries. The Recreation Office hopes, however, that the number of 1952 entries will exceed even the 1951 list when Y-12 fishermen see the excellent assortment of prizes presented winners in the contest just closed.

### Contest Closes December 31

The 1952 contest will officially close with fish caught up to midnight, December 31, 1952. However, entries may be filed as late as January 15, 1953, when the winners will be determined. Entry blanks for the 1952 event may be obtained at any time at the Recreation Office and fishermen are urged to have a supply on hand whenever they set forth in search of the elusive piscatorial prizes that may bring rewards.

There is absolutely no entry fee in the contest that provides for competition in catching largemouth, smallmouth and striped bass, walleyed and sauger pike, crappie, blue gill—bream, rough fish (catfish, drum and carp) and rainbow trout. An important feature of the contest is that each entry must be accompanied by a side-view photograph of the fish and be signed by a witness. The entries must be filed with the Recreation Office within 15 days after the catch is made and any Carbide employee permanently stationed in the Y-12 area is eligible to compete.

### Must Be Legal Catch

No fish is eligible for entry if caught from a hatchery or privately owned waters and all fish must be caught during the legal open season. Fish must be caught within the continental United States and only trout caught in Tennessee or the Great Smoky Mountains are eligible. Large-mouth bass caught in Florida also are not eligible.

Competition in the 1951 contest was close and some late entries filed during the holidays may decide the outcome of the event.

## Inter-Plant League Opens Play; Y-12ers Perform Thursday

The eight-team Inter-Plant Basketball League, composed of five outfits from Y-12 and three from Oak Ridge National Laboratory, was scheduled to open its season Tuesday night of this week and resume action Thursday night with teams from the Y-12 area providing action in a twin attraction.

The Thursday night schedule at Woodland school gymnasium will bring the Machine Shop and Rough House Five together at 8 o'clock and the Wildcats and Biology quints at 9 o'clock.

The league schedule, printed in full on Page Four of The Bulletin, provides for games to be played at both the Woodland school gymnasium and on the Jefferson Junior High School hardwood. The coaches, managers and players are urged to clip out the schedule for future reference.

**DALE'S SPORTS NOTES**

1. PFC. Buddy Pope from Oakridge, Tenn. Entered service in Dec., '50. Stationed at Ramey since June, '51.
2. Tailback & passer for 55th Recky Tech. championship touch football team.
3. Played basketball, baseball & football at Oakridge High. Received three sports humerals in each sport.
4. Won football scholarship to U. of Florida. Played freshman ball.
5. Played semi-pro baseball at Knoxville, Tenn.

**HERE'S THE WAY "THE Tropicair," newspaper of the Ramey Air Force Base in Puerto Rico, played up "Buddy" Pope, former Oak Ridge High School football star and son of Y-12er, in a recent edition.**

## Aces Coast To Win In E Loop Top Half; First Four Bunched

The Easy Aces coasted to a first half of the season victory in the E League of plant bowlers last Thursday night by splitting four points with the Cut Ups to finish one point ahead of the Stinkers, which took three from the Dash Fours. The Rusty Five made things interesting by whitewashing the Gophers and climbing to third place, another point back. Just another point back in fourth place was the Mezzanine Maulers, who took three from the Three Ds.

Browning, of the Aces; and Ballis, of the Stinkers; tied for best scratch game score with 200 scores. Browning went out in front in handicap game score with 245. Bailes forged ahead with a 634 handicap series although Favatella, of the Stinkers, had the best top scratch series of 524.

The Easy Aces had the best series scores of 2233 scratch and 2851 handicap. The Rusty Five's 781 scratch game was tops as was the 997 handicap game of the Cut Ups.

League standing at the end of the first half of play follows:

Team	W	L
Easy Aces	38	22
Stinkers	37	23
Rusty Five	36	24
Mezzanine Maulers	35	25
Dash Fours	29	31
Cut Ups	27	33
Three Ds	21	29
Gophers	17	43

## Riflemen Of Y-12 Lose To Juniors

The Junior rifle team of the Oak Ridge Sportsmen's Association nosed out the Y-12 riflemen December 17 by the handicap score of 966.408 to 960.641. The Y-12ers now are tied with Oak Ridge National Laboratory for fourth place in the league standings with 10 matches still to be fired. The league is suspending operations over the holidays and will resume firing after the first of the year.

The five high Y-12 scratch and

## Inter-Plant League Schedule

Here is the schedule for the remainder of the season in the Y-12 and Oak Ridge National Laboratory Inter-Plant Basketball League. It is suggested that all managers, coaches and players clip out the schedule and keep it handy for reference:

**Thursday, January 10, Woodland**  
8 p. m., Machine Shop vs Rough House  
Five. 9 p. m., Biology vs Wildcats.  
**Friday, January 11, Jefferson**  
6 p. m., Bldg. 9212 vs No Goodricks.  
7:30 p. m., Machine Shop vs Metallurgy.  
9 p. m., Rough House Five vs Reactor Tech.  
**Tuesday, January 15, Jefferson**  
6 p. m., Biology vs Bldg. 9212. 7:30  
p. m., Machine Shop vs Wildcats. 9 p. m.,  
Rough House Five vs No Goodricks.  
**Wednesday, January 16, Jefferson**  
6 p. m., Reactor Tech. vs Metallurgy.  
7:30 p. m., Biology vs Machine Shop. 9  
p. m., Rough House Five vs Bldg. 9212.  
**Thursday, January 17, Woodland**  
8 p. m., Reactor Tech. vs Wildcats. 9  
p. m., Metallurgy vs No Goodricks.  
**Tuesday, January 22, Jefferson**  
6 p. m., Biology vs Rough House Five.  
7:30 p. m., Reactor Tech. vs Machine Shop.  
9 p. m., Metallurgy vs Bldg. 9212.  
**Thursday, January 24, Woodland**  
8 p. m., No Goodricks vs Wildcats. 9  
p. m., Biology vs Reactor Tech.  
**Friday, January 25, Jefferson**  
6 p. m., Metallurgy vs Rough House Five.  
7:30 p. m., No Goodricks vs Machine Shop.  
9 p. m., Wildcats vs Bldg. 9212.  
**Tuesday, January 29, Jefferson**  
6 p. m., Biology vs Metallurgy. 7:30  
p. m., No Goodricks vs Reactor Tech. 9  
p. m., Wildcats vs Rough House Five.  
**Wednesday, January 30, Jefferson**  
6 p. m., Bldg. 9212 vs Machine Shop.  
**Monday, February 4, Jefferson**  
6 p. m., Biology vs No Goodricks. 7:30  
p. m., Wildcats vs Metallurgy. 9 p. m.,  
Bldg. 9212 vs Reactor Tech.  
**Tuesday, February 5, Jefferson**  
6 p. m., Machine Shop vs Rough House  
Five. 7:30 p. m., Biology vs Wildcats.  
9 p. m., Bldg. 9212 vs No Goodricks.  
**Thursday, February 7, Woodland**  
8 p. m., Machine Shop vs Metallurgy.  
9 p. m., Rough House Five vs Reactor  
Tech.  
**Monday, February 11, Jefferson**  
6 p. m., Biology vs Bldg. 9212. 7:30  
p. m., Machine Shop vs Wildcats. 9 p. m.,  
Rough House Five vs No Goodricks.  
**Thursday, February 14, Woodland**  
8 p. m., Reactor Tech. vs Metallurgy.  
9 p. m., Biology vs Machine Shop.  
**Friday, February 15, Jefferson**  
6 p. m., Rough House Five vs Bldg. 9212.  
7:30 p. m., Reactor Tech. vs Wildcats. 9  
p. m., Metallurgy vs No Goodricks.  
**Tuesday, February 19, Jefferson**  
6 p. m., Biology vs Rough House Five.  
7:30 p. m., Reactor Tech. vs Machine  
Shop. 9 p. m., Metallurgy vs Bldg. 9212.  
**Thursday, February 21, Woodland**  
8 p. m., No Goodricks vs Wildcats. 9  
p. m., Biology vs Reactor Tech.  
**Friday, February 22, Jefferson**  
6 p. m., Metallurgy vs Rough House  
Five. 7:30 p. m., No Goodricks vs Machine  
Shop. 9 p. m., Wildcats vs Bldg.  
9212.  
**Tuesday, February 26, Jefferson**  
6 p. m., Biology vs Metallurgy. 7:30  
p. m., No Goodricks vs Reactor Tech. 9  
p. m., Wildcats vs Rough House Five.  
**Thursday, February 28, Woodland**  
8 p. m., Bldg. 9212 vs Machine Shop.

Continued from Page 2

**Dinsmore** and her husband, **John**, of General Administrative, had his sister, **Sarah Dinsmore**, from Waynesburg, Pa., visiting them during the holidays. The department welcomes **Zella Beck**, **Herman Fischer**, **Edith Barger**, **Loretta Johnson**, **Albert Martin**, **Joanne Myers**, **John Walker** and **Elizabeth Gresham**. **F. E. Clark** is the proud father of a baby daughter born December 18, at St. Mary's Hospital in Knoxville, weighing nine pounds and seven ounces. Mother and daughter, **Carol Ann**, are doing fine but **Pop's** condition was questionable. **W. R. Kelly**, of the Tool Department, had as guest during the

Christmas holidays, **Fred Butow**, from New York.

**George DeLozier**, of Property Sales, spent a week's vacation at home in Lake City.

**A. H. Norman**, of the Steam Plant, with his wife and an uncle attended the Sugar Bowl classic in New Orleans, La., on New Year's Day—among the several Y-12ers they saw there was **C. B. Hopkins**, of Buildings and Grounds, and his wife.

The Chemical Department wishes a speedy recovery to **J. A. Goldston**, **W. G. Fellers**, **D. W. Davis**, **L. R. Martin**, and for **Hazel Lemons**, who is in the Baptist Hospital in Knoxville.

**Elsie Dodson**, of the Assay Laboratory, was on last week's vacation list. . . . **Jo Brown** was on vacation the week after Christmas. . . . The department welcomes **Helen Hicks** back at work after an extended illness.

**Charlie Coleman**, of the Materials Chemistry Division, **Dave Crouse** and **Forrest Seeley** are on a trip this week in Salt Lake City. . . . Congratulations are extended to **D. A. Lee**, who is the proud papa of a baby boy born December 24, at the Oak Ridge Hospital. . . .

**K. O. Johnson** and his family spent Christmas in Jamestown, Tenn. . . . **Frances Gilliam** had double reason for celebrating during the holidays as her 25th wedding anniversary also fell on December 25th. The department helped Frances celebrate the occasion with a party on December 27.

Congratulations go to **Paul Griffin**, of Isotope Research, and his wife, who are the proud parents of a baby girl, born December 23, at the Oak Ridge Hospital. Little Mary Alice weighed eight pounds and a half. . . . A speedy recovery is wished for **Bob Bailey**, who sustained injuries in an automobile accident on Christmas Eve near Alcoa, Tenn.

Congratulations are extended to **Don L. Parrish**, of Electrical Maintenance, and his wife, who are the proud parents of a baby girl born at the Baptist Hospital in Knoxville, December 31. Little Donna Lou weighed eight pounds and 15 ounces.

**Jamie Goodman** and his wife, **Etoy**, of the Cafeteria, had their son, **Jimmie**, a student at the University of Tennessee Medical School in Memphis, home for the holiday season.

Congratulations go to **John Lund**, of Analytical Chemistry, and his wife, who are the proud parents of a baby girl born December 27, at the Oak Ridge Hospital.

**Frank Favatella**, of Electrical Maintenance, vacationed in Florida the week after Xmas and ended up in New Orleans for the Sugar Bowl game. . . . **William Hinkleman** and his wife spent a two-week vacation in New York. . . . **H. G. Binkham** has been vacationing for two weeks. . . . **R. W. Coker**, **J. R. Joslin**, **W. M. Redden**, **C. B. Harmon** and **W. B. Lyles** were recent vacationers from the department.

**LeRoy V. Thornton**, of the Analytical Laboratory, and his family visited his brother in Washington over the New Year holidays.

First Girl: "I don't like your boy friend."

Second: "Why?"

First: "He whistled dirty songs."

## Omitted Christmas Pictures Published After Space Jam

In the adjoining columns to the right The Bulletin this week is publishing three interesting photographs of Christmas activities by Y-12ers and their youngsters. These pictures were left out of the December 28, 1951 edition of the paper because of space requirements but they were of too good news value not to print—even if a bit late. The Bulletin regrets the delay—but points out that the print shop publishing the paper had just run out of rubber type and it is a mighty tough job to put a No. 8 foot into a No. 5 shoe.

In addition to these pictures several inches of type of the Strictly Confidential column were omitted from the last issue of The Bulletin, but our reporters have done a good job in catching up over the holidays to give an interesting account of activities of folks all over the plant.

## Hooks Open C Loop Play With Whitewash Win Over Thin Pins

The Hooks keggers of the C League opened the 1952 bowling activities in the circuit as well as the second half of the schedule last week when they whitewashed the Thin Pins to take over top spot in the loop. The Hooks were third in the first half of the season and the Thin Pins second. The Hurricanes, winners of the first half of the schedule, licked the Hornets for three points and landed in a second-place tie with the Orphans and Moles, also three-point victors over the Short Circuits and Guards.

**Len Hart**, of the Hurricanes, monopolized all of the individual honors. He started out with a fine 236 scratch game, boosted to 244 with handicap. He posted a 627 scratch series, increased to 651 with handicap. The Hooks earned their way into the top spot with all of the team scoring tops for the night, posting scores of 835, 1016, 2361 and 2904 across the board.

League standing follows:

Team	W	L
Hooks	4	0
Hurricanes	3	1
Orphans	3	1
Moles	3	1
Guards	1	3
Hornets	1	3
Short Circuits	1	3
Thin Pins	0	4

## City Pin Meet Set For Next Month

Y-12 bowlers, individually and in teams, are pointing for the eighth annual city tournament to be staged by the Oak Ridge Bowling Association February 9-10 and 16-17 at the Oak Terrace. The event is sanctioned by the American Bowling Congress.

Entries close on Wednesday, January 23. Each entry must be accompanied by a fee of \$2.50 per man per event and all entry fees will be returned 100 per cent in prizes. Competition will be staged in singles, doubles and teams of five and prizes will be given in each, as well as in all events.

Teams will bowl February 9 and 10 and singles and doubles February 16 and 17.

Y-12ers desiring to enter the city bowling tournament and wanting more information on the event may communicate with the Y-12 Recreation Office, North Portal, telephone 7753. All Y-12 entries will be channeled through the Recreation Office to certify averages.

Teacher: "If I lay three eggs here and five eggs there, how many will I have?"

Student: "I don't think you can do it."

ONE OF THE MERRY GROUPS AT THE Y-12 DANCE PARTY is pictured above. Clockwise around the table are **George C. Guerrant**, Research Engineering; **Jack Ullman**, Reactor Technology Division; **Miss Ida Link**, Alex Zurcher, Electromagnetic Research Division; **Miss Martha Turner**, **Floyd M. Downs**, Research Engineering, and **Mrs. Downs**.

HERE ARE TWO ATTRACTIVE PICTURES OF CHILDREN OF Y-12 parents who took part in the Oak Ridge Children's Theater tableau, "Christmas Windows." At left is **Beryl Estabrook**, daughter of **Jack Estabrook**, of the ANP Division; and **Lecy Roe**, daughter of the principal of the Oak Ridge High School, posing as a French doll and a sailor. At right, **Jensie Mann**, daughter of **Dr. Leland Mann**, of the ANP Division, and star of the show, is charmed by a minuet staged by **Anne Harriet McCurdy** and **Don Roberto Jeanseau**.

Y-12 Photos By Vince Moore

SEVERAL YOUNGSTERS OF Y-12 PARENTS AND SOME wives of Y-12ers are shown in this group of participants in the Oak Ridge Children's Theater tableau, "Christmas Windows." Included in the group are **Mrs. Jesse M. Herndon** and **Mrs. W. M. Morgan** and **Jensie Mann**, **Mike Morgan**, **Rick Lavers**, **Margaret Moore**, **Susan Stephens**, **Buddy Herndon** and **Carolyn Scott**.

## Many Y-12 Youngsters Play In Holiday Season Tableau

One of the outstanding entertainment features of the holiday season was the presentation on December 16 by the Oak Ridge Children's Theater of the tableau, "Christmas Windows." In the cast of 168 children and a few adults were numerous children of Y-12 parents and some wives of Y-12ers.

Principal role in the production was assigned to **Jensie Mann**, daughter of **Dr. Leland Mann**, of the ANP Division. Others listed in the cast included **Mrs. Leland Mann**, **Judy Killian**, **Beryl Estabrook**, **Jane and Nancy Boyd**, **Isobel Kimball**, **Karen Struxness**, **Buddy Herndon**, **Mrs. Jesse M. Herndon**, **Rick Lavers**, **Mike Morgan**, **Mrs. W. R. Morgan**, **Susan Stephens**, **Noel Berggren**, **Kay Mason**, **Donny Hill**, **Ed Hutte**, **Ned Flack**, **Carolyn Scott**, **Woody Jo Barwick**, **Linda Brooks**, **Brenda Castle**, **Carol Ann Dodson**, **Jimmy Gilliam**, **Fay and Kay Kirksey**, **Bobby Joe Lay**, **Richard Maney**, **Norma O'Neal**, **Jackie Pope**, **Phyllis Terry**, **Martha Coots**, **Bobby**

## New York Quartet To Give Recital Here Next Monday

The Oak Ridge Civic Music Association will present its first recitalist program of the season at 8:15 o'clock next Monday night, January 14, when the New York quartet will perform at the new civic auditorium. This quartet of piano and strings as its top selection will play the Brahms Piano Concerto in C Minor that made it famous in 1948 and started the group on its concert tours.

Members of the quartet, all internationally known, are **Mieczyslaw Horszowski**, piano; **Alexander Schneider**, violin; **Milton Katims**, viola; and **Frank Miller**, cello. The concert is open to all ORCMA season members and tickets also will be sold at the box office.

**Kennedy**, **Judy McGill**, **Nadine Newman**, **Barbara Parker**, **Rita McNamee** and **Margaret Moore**.

**Mrs. Marshall Lockhart**, wife of **George Lockhart**, of General Maintenance Office, directed the tableau.
